Malibu

The Malibu Club in Canada is a once-in-a-lifetime experience! There's more to do there than you'll have time for! There's tons of free time to check out the awesome 18-hole Frisbee golf course tucked into the base of the mountain-side, swim in the incredible pool built right alongside the Malibu rapids, go on the zip line or the ropes course. Malibu has a fleet of tournament wakeboard boats, laser sail boats, and kayaks. Plus there's a great sand volleyball court, the blob, and a huge gym with a weight room & climbing wall. Besides all that, you'll love the ice cream shop, the coffee shop, just hanging out with friends, plus amazing, young life style fun every night! This trip is worth every penny and you'll NEVER be disappointed! Get signed up right away! Don't miss out! www.malibuclub.younglife.org
